All fat-dissolving injections have ultrasound therapy included to reduce post-treatment pain and to aid dispersal of the products. High-risk dermal filler treatments such as nose/tear trough have an ultrasound vascular mapping performed.

LED light therapy can also be used in the skin quality sections from £50 and/or added onto a treatment. Treatment packages can be arranged depending on the treatment concern and sometimes combination treatments are required to achieve the desired result.

Holistic package using Nlift treatment from £1500 which includes Hydro Deluxe, full-size skin products, and 3 syringes of filler as well as Zaffiro treatment. If further syringes of filler are needed can be added to the cost. In just 2 visits can achieve results that would normally take a year to get to.

NEAUVIA COSMECEUTICALS

No aesthetic procedure is truly holistic without adding proper cosmeceuticals to complete it. Neauvia has developed Aesthetic Cosmeceuticals to synergistically support the effects of aesthetic therapies by soothing, regenerating, protecting, and stimulating skin topically.

New Born Skin Makeup Remover (250ml)	£25
Wake up Skin Tonic (250ml)	£25

Ceramide Shield Cream (50ml)	£60
Rebalancing Cream Rich (50ml)	£60
Eye Fusion Cream (30ml)	£60
Contour Eye Serum (30ml)	£60

HINNAO - BIO-AVAILABLE SUPPLEMENT RANGE

The power of IV drip therapy in a bottle without the medical procedure.

Hinnao is a ground-breaking bioavailable supplement range that competes with intravenous therapy (IV therapy).

Previously the only way to get certain ingredients into your system, such as NAD, was IV therapy. IV therapy was the most efficient way to deliver ingredients into the bloodstream, that is, until now. Using high stability-liposomes, Hinnao provides a non-invasive alternative that is as close to intravenous (IV) therapy as possible, so much so, it's been hailed as 'IV therapy on the go'.

If you're looking for a superior supplement range to help reduce the impact the ageing process has on your body, and you would like to improve your health, please contact us today.

HINNAO TREATMENTS
